Praise the Lord

Praise the Lord for his Grace and Mercy upon us, EKKLESIA. God has done great things in EKKLESIA during the last quarter. There were many things happened in our ministry. God sent new people : Ruddy, Ryan, and Michelle. They were invited through our outreach program "Free Return Tax Filing". This program was launched on January 2009 and operated by one of our church member: Tina Soedjak, a CPA. She dedicated her life and time to do this ministry, all free and for outreach purposes. The goal is : helping people outside of the church to file their return tax, but at the same time we initiate contact with new people. God has blessed this program, at least 2 un-churched families were reached for Christ and one family become a faithful attendance every Sunday and also Bible Study. Ruddy is struggling with his marriage and looking for peace in his heart. Also, he is looking for someone to talk to. By attending our fellowship for the first time Ruddy was touched by the Holy Spirit. He opened his heart and decided to come to EKKLESIA on a regular basis. Please pray for Ruddy that he will be strengthened during this difficult time.

We utilize birthday party as an opportunity to spread the gospel. I urge the church

member to call their friends that are un-churched when they have a birthday party. By God's grace, through one of those birthday parties we met Hansen family (Torben, Ade, and 3 kids). Torben is a Danish and Ade is an Indonesian (she was Moslem). They have no church to go because Torben wants English speaking church, but Ade wants Indonesian church. They were blessed thru our ministry on that birthday party, because we are bi-lingual. They decided to come to Ekklesia and Ade has a good voice and play guitar well.

We had a good time on March 2009 to watch movie FIREPROOF. Everybody was crying and most of them renewed and touched by that movie. Mr. P and his wife were struggling in their marriage, they were planning to divorce. After watching that movie together in our church, their problem has solved and they love each other. Praise the Lord. In the next edition, I will share to you the testimony of Agnes Whitney, how God changed her husband's heart through EKKLESIA church. Something happened beyond what we can think, talk, and imagine. Thank's to the Lord for this opportunity to serve Him.
