

Fresh Word Ministries
1st Quarter Prayer/News Letter
Ministry Year 2010-11

We are still excited about the move of God at Fresh Word! During this past quarter we have witnessed God do some great and powerful things. We have added to our core leadership team with two new committed individuals who have a heart for ministry. We also engaged in a powerful teaching sermon series entitled "Fatal Distractions." The people seemed to be blessed by learning tools that helped them to engage the scriptures in new and powerful ways. Finally, we were able to employ a professional videographer to tape this series as we prepare to broadcast our ministry on local television. Good is truly good!

We have seen a slight increase in our financial intake over the past three months. That said, we are still being prayerful that God will send the right people in our midst to be a blessing financially. In addition, we are asking God to give us the capacity to find our own worship space. We also are seeking prayers for God to move in our upcoming outreach event entitled F.R.E.S.H.(Focused on the Restoration of Education, Spirituality and Health). We are praying that this event helps us to better connect with the community as well as allows us to broaden our witness for Jesus. Peace & Blessings!
