Lovingly serving a diverse community to promote Faith-Hope & Love of Jesus Christ

Praise and Prayer Report

We praise God for opening many, many doors to reach out to the non-believers such as Hindus, Muslims, Sikhs. Not only in the city of Artesia but also in the Greater Long Beach area, and to many other cities. About a dozen Hindu families living in the city of Long Beach suffered through demonic activities and several other cultural and religious hardships. They approached Artesia City Church for their spiritual solutions. Praise God that Artesia City Church was able to reach out to them, with the love of Jesus Christ and with the power of the Holy Spirit These families personally witnessed the deliverance which was done in the name of Jesus Christ. And for the glory of God

A Sikh gentleman who was married to a Christian Indian woman died in September 2009. While he was admitted in the ICU for 3 weeks God miraculously opened a door of opportunity for the Artesia City Church to reach out to the relatives and to the immediate family of the deceased. By the church intervention the lady did realize that now she should go back to her own Christian faith and recently on October tenth, she gave her life back to Jesus Christ and made a public confession of her salvation. The lady has taken a bold stand and has disassociated with her previous non Christian friends.

Praise God that Artesia City Church was able to reach out to several other families who were practicing Hindu and Sikh religions. Artesia City Church was able to show and share the love of Christ and the message of salvation of Lord Jesus Christ and the result was that they allowed the church leaders to take away their idols, home temples and objects, and all these items were discarded, including a live rooster which was taken away from a family and their confession was, that if the church hadn't approached them, they were going to offer the blood of the rooster to a Hindu deity. (We have pictures of these events in our record).

We praise God that Artesia City Church is rapidly known for its community outreach, mission programs, and the church is developing a reputation for being a dynamic spiritual church, where signs and wonders are attracting both believers and non-believers.

Please pray for our community friendship center - we are struggling to find a suitable place for this outreach center.

There are five families within our congregation that have been hit by the recession. These people have lost their jobs.
