

CRWRC invites you to join the **HIV and AIDS Tour** to Uganda and Kenya

April 15-29, 2012

On the 2012 *HIV and AIDS Tour to Uganda and Kenya* you'll experience firsthand what CRWRC is doing to stop the spread of AIDS and connect with people, families, and communities who are eager to share their experiences with you. The result? You'll discover hope—and be encouraged to take action on AIDS in your own community and around the world.

This two-week adventure will take you to church services where congregants are tested for HIV, to village health clinics, to homes where CRWRC's trained health assistants care for people living with AIDS and give respite to caregivers, and to communities where neighbors support neighbors with community-wide compassion. Find out for yourself the amazing ways that God is working in the lives of people living with AIDS in Africa. It will change your life.
