*¡Feliz
Navidad! /
Merry
Christmas!*

We are privileged to spend Christmas in the United States this year and we're really looking forward to visiting and taking a break from the heat. We hope to take a few steps that will help us in our job search for when we return to live there next summer, but most of all we're happy to be spending time with our family and friends celebrating the birth of Jesus.

Everybody Loves Moses!

They love to go back over the pages of the chapters we read on previous days to recount what happened in Moses' life. In this picture the students are showing off the timeline they made of the events from being found in the basket to the plagues in Egypt to crossing the Red Sea. Each student painted a different scene and they stood in order for the photo. In each chapter of the story

The front porch gang is still going strong in the afternoons at our house. Lately we've

been reading the story of Moses and the kids are really into all his grand adventures.

the kids have identified examples of how God is always faithful to his people.

Prayer Requests

- Praise for our supporters who contributed generously toward our fundraising goal.
- Praise for the front porch gang and their excitement for Moses. Pray that this can spill into a deeper understanding and excitement for God.
- Praise that the elections went very well in Honduras and pray for a government of higher accountability when the transition comes in January.
- Pray for stability and commitment for the youth group at our church and us as we guide them as Sunday school teachers.
- Pray that we all can experience the joy of our Lord Jesus this holiday season.
