Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Fund's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Notes to Financial Statements

1. Organization

The purpose of the Christian Reformed Church Loan Fund, Inc. - U.S. (the Fund), a nonprofit corporation, is to assist congregations of the Christian Reformed Church in financing capital expansion projects. To accomplish this, the Fund grants loans, up to certain limits, for land and other capital expenditures to churches in the United States of America. Loan recipients are charged interest at rates sufficient to cover the Fund's cost of borrowing and operating expenses.

The Fund operates from office facilities provided by Christian Reformed Church in North America (CRCNA).

2. Summary of Significant Accounting Policies

Basis of Presentation

Net assets of the Fund and changes therein are classified and reported as follows:

- Unrestricted Net Assets - net assets which are not subject to donor-imposed stipulations.
- Temporarily Restricted Net Assets - net assets subject to donor-imposed stipulations that should be met by actions of the Fund and/or the passage of time.
- Permanently Restricted Net Assets - net assets subject to donor-imposed stipulations requiring that they be maintained permanently by the Fund.

The Fund has no temporarily or permanently restricted net assets; however, the Board of Directors has designated \$222,053 of unrestricted net assets for any future loan losses in excess of the allowance account.

Revenues and investment income are reported as follows:

Revenues are reported as increases in unrestricted net assets, unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation. Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets. Temporarily restricted contributions whose restrictions are satisfied in the same year in which the contribution revenue is recorded are reported as unrestricted contributions.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported therein. Due to the inherent uncertainty involved in making estimates, actual results reported in future periods may differ from those estimates.

Notes to Financial Statements

Subsequent Events

Management has evaluated subsequent events through August 8, 2016, the date the financial statements were available to be issued. Based on evaluation, there were no matters identified that had a significant impact on the financial statements as presented.

Income Taxes

The Fund is included in the CRCNA group exemptions as an organization described under Internal Revenue Code Section 501(c)(3), exempt from taxation under Section 501(a). Contributions to the Fund are deductible for federal tax purposes.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash and highly liquid investments purchased with an original maturity of three months or less at the date of purchase.

Concentrations of Credit Risk

The Fund maintains its cash in various bank and brokerage accounts managed by CRCNA, and does not consider there to be a significant credit risk arising from deposits in excess of federally insured limits.

The risk associated with making many large loans is managed by limiting the size of each secured loan to \$1,500,000 or 6% of total assets. A loan may exceed \$1,500,000 only if members of the church invest in investment certificates with a minimum term of three years and in an amount at least equal to the amount by which the loan exceeds \$1,500,000. The total amount of all unsecured loans shall not exceed 10% of the total outstanding loans of the Fund (see Note 3). There were no loans with a balance over \$1,500,000 for the years ended June 30, 2016 and 2015.

Loans

Loans that management has the intent and ability to hold for the foreseeable future, or until maturity or payoff, are reported at the principal balance outstanding, net an allowance for loan losses.

The loan portfolio is segmented into standard loans and construction loans, both of which are secured by a mortgage on the property. The Fund also makes unsecured loans for capital improvements or repairs to existing church-owned buildings. Construction loans are loans in the construction stage and are not completed to the point where permanent occupancy is permitted.

The Fund considers a loan impaired when, based on current information and events, it is probable that the Fund will be unable to collect the scheduled payments of principal or interest when due according to the contractual terms of the original loan agreement.

Interest Income

Interest income is recognized and accrued on loans receivable and cash and cash equivalents, when earned. Interest income on impaired loans is recognized only when interest payments are received.

Christian Reformed Church Loan Fund, Inc. - U.S.

Notes to Financial Statements

Allowance for Loan Losses

The allowance for loan losses is increased by a provision for losses charged to expense and reduced by loans charged off, net of recoveries. The allowance is maintained at a level considered adequate to provide for probable incurred loan losses based on management's evaluation of the anticipated impact on the loan portfolio of current economic conditions, past loan experience, probable future losses on loans to specific borrowers, the financial condition of the borrower, the value of underlying collateral, and other pertinent factors that management believes require current recognition in estimating probable loan losses. Specific reserves are established for any impaired loan for which the recorded investment in the loan exceeds the fair value of the loan, less estimated costs to sell. There were no charge-offs or recoveries in the years ended June 30, 2016, 2015 and 2014.

Fair Value Measurements

Recorded book value approximates fair value for all financial instruments within the Fund.

3. Loans Receivable

The components of loans receivable by class, net, at June 30 are as follows:

Allowance for loan losses	(527,947)	(527,947)

The allowance for loan losses relates solely to standard loans, and these loans have been evaluated for impairment. There was no activity in the allowance account for the years ended June 30, 2016 and 2015.
