A Home for Every Church and Ministry

The CRCNA is a vibrant tapestry of ages and cultures, and for over 40 years the Loan Fund has been honored to serve this intergenerational family of faith.

Our mission is to provide a home for every generation by offering affordable, low-interest financing to CRC congregations and related organizations for capital improvement projects.

Gifts will help us adapt to our changing world, providing the funding needed to keep loan costs low for everyone. Whether it involves helping a new, diverse community of believers move into their first sanctuary or assisting a long-standing congregation with vital renovations, your support ensures that our churches and ministries are welcoming spiritual homes.

“It wouldn’t have happened without the Loan Fund.”

—Nate Beelen, Rudyard (Mich.)
Christian Reformed Church

Rudyard CRC, organized by Dutch settlers in 1901 in Michigan’s rural Upper Peninsula, recently constructed an addition which serves both the church and local Christian school.

“I am fully in support of the Loan Fund, and both my parents and I have been happy to participate in the good work it is doing by allowing it to use our funds.”

—Active investor for over two decades

Reinforcing Our Foundation for the Future

For years, investment certificates have been the heartbeat of our lending, providing \$90 million for over 220 loans across 30 states. Now, we invite you to deepen this impact by giving to the Loan Fund.

Today, churches are faced with the real economic challenge of property acquisition and construction. Recognizing this heavy burden, our 10-year goal is to raise **\$5 million** to support two initiatives:

- \$2 million to fund the First Church Building Loan Program
- \$3 million in equity reserves to lower loan rates overall

While investment certificates are still integral to our lending, these new gifts will help to ensure that our financial support is accessible to all.
