INDEPENDENT AUDITORS' REPORT

Board of Trustees Calvin Theological Seminary Grand Rapids, Michigan

Report on Financial Statements

We have audited the accompanying financial statements of Calvin Theological Seminary, which comprise the statements of financial position as of June 30, 2021 and 2020, and the related statements of activities, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Calvin Theological Seminary as of June 30, 2021 and 2020, and the changes in its net assets and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

June 30, 2021 and 2020

1. NATURE OF ORGANIZATION:

In 1876, Calvin Theological Seminary (Seminary) was founded as the theological school of the Christian Reformed Church in North America (CRCNA). The Seminary's primary purpose is the preparation of ordained ministers of the Word for the CRCNA and the world, and instruction for the preparation of professors of Reformed theology. The Seminary is supported primarily by denominational ministry shares, charitable contributions, tuition and fees from students, and investment income. The Seminary has been accredited by the Association of Theological Schools in the United States and Canada. The Seminary is exempt from federal income tax under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3). The Seminary qualifies for charitable contribution deductions under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(2).

The Seminary also has a supporting organization, CPI Foundation, whose purposes are to expand the Seminary's ongoing support for the Calvin Prison Initiative. There is no financial activity within this organization. Therefore, this organization will not be consolidated within these financial statements.

2. <u>SIGNIFICANT ACCOUNTING POLICIES:</u>

BASIS OF PRESENTATION

The financial statements of the Seminary have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

OPERATING AND NON-OPERATING ACTIVITIES

The statements of activities presents the changes in net assets of the Seminary from operating activities and from non-operating activities. Operating revenues and expenses relate primarily to educational programs. The portion of investment income appropriated for operations on investments held for endowments and similar purposes under the Seminary's total return spending policy is considered operating revenue.

Non-operating activities consist primarily of (a) investment income, net of appropriations for operations, (b) and actuarial change in post retirement benefit obligation other than net periodic costs.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents represent cash on hand, cash in checking and savings accounts, and all highly liquid investments purchased with original maturities of three months or less. At June 30, 2021 and 2020, the Seminary's cash balances exceeded federally insured limits by \$5,837,491 and \$2,735,201, respectively. The Seminary has not experienced any loss on these accounts and does not believe that it is exposed to any significant risk.

Notes to Financial Statements

June 30, 2021 and 2020

2. SIGNIFICANT ACCOUNTING POLICIES, continued:

STUDENT ACCOUNTS AND OTHER RECEIVABLES

Students are billed for tuition by semester and rent by month. Student accounts receivable are reported net of any anticipated losses due to uncollectible accounts. Uncollectible accounts are recognized as additions to the allowance for bad debts in the period it is determined the amounts could become uncollectible. The allowance for doubtful accounts is based on management's evaluation of the collectability of the receivable portfolio, including the nature of the portfolio, trends in historical loss experience, payment patterns from the students, and general economic conditions. At June 30, 2021 and 2020, the allowance for doubtful accounts was \$20,000.

INVESTMENTS

Investments are carried at fair value (including net asset value) and cost. Donated investments are reported at fair market value at the date of donation and therefore carried in accordance with the above policy. Investments held for long-term purposes relate to the endowment, annuities, or trusts. Realized and unrealized gains and losses, dividends and interest, are included in investment income used in operations without donor restrictions in the statements of activities unless a donor or state law restricts their use.

SEMINARY MINISTRY INCENTIVE PROGRAM LOANS AND PERKINS LOANS

Student loans consist primarily of loans extended from the Seminary Ministry Incentive Program, a revolving loan fund and Perkins loans. The ministry incentive program was established in 1985, whereby the Seminary offers a loan forgiveness program for these loans to its ordained graduates who become employed in the ministry of the CRCNA or certain related organizations. Under this program, upon ordination, 5% of the original loan balance is forgiven each year during the first ten years following graduation with a Master of Divinity degree. However, loan forgiveness discontinues when an individual is no longer performing service in a qualified ministry. Amounts forgiven for the years ended June 30, 2021 and 2020, totaled \$61,872 and \$59,465, respectively.

Advances from the federal government under the Perkins Loan Program are refundable to the United States government upon liquidation of the program and thus are reflected as a liability in the accompanying statements of financial position.

The Seminary considers student loans past due when it has not been received within thirty days of the payment due date. Loans for which payments are past due beyond twelve months are considered to be in default. Past due accounts are subject to internal collection efforts for a period of twelve months.

Student loan receivables are reported net of any anticipated losses due to uncollectible accounts. The allowance for loan losses is based on management's evaluation of the collectability of the overall loan portfolio, including trends in historical loss experience, payment patterns from the borrowers, and general economic conditions and are further disclosed in Note 4.

Notes to Financial Statements

June 30, 2021 and 2020

2 SIGNIFICANT ACCOUNTING POLICIES, continued:

PLANT ASSETS

Plant assets costing at least \$1,000 are reported at cost when purchased or at the fair market value as of the date of a gift. Depreciation is computed by the straight-line method based on the estimated useful lives of the related assets, ranging from three to eighty years. Expenditures for maintenance and repairs are charged to expense. Planned major maintenance projects are not begun until funding is secured or the cost is budgeted.

STUDENT FUNDS RECEIVED IN ADVANCE

Student funds received in advance results primarily from deposits received for fall enrollment and grant revenue received from grants to be used in future years.

REFUNDABLE ADVANCE

The Paycheck Protection Program (PPP) loan is administered by the Small Business Administration (SBA) under the U.S. Coronavirus Aid, Relief, and Economic Security (CARES) Act. The Seminary received the first PPP loan in the amount of \$912,400 during the year ended June 30, 2020. The Seminary incurred eligible costs in the amount of \$528,805, and recognized the anticipated loan forgiveness as a contribution, which is recorded as private gifts and grants in the statements of activities. The outstanding balance of \$384,969, as of June 30, 2020, is recorded as a refundable advance on the statements of financial position. During the year ended June 30, 2021, the Seminary received notification of full loan forgiveness of the first PPP loan by the SBA. The Seminary qualified for a second PPP loan in February 2021 in the amount of \$912,400. As of June 30, 2021, the Seminary incurred eligible costs in the amount of \$912,400, and recognized the anticipated loan forgiveness as a contribution, which is recorded as private gifts and grants in the statements of activities. If the Seminary does not receive full forgiveness, the loan will accrue interest at 1% and mature in March 2026. The Seminary was notified by the SBA of full loan forgiveness in September 2021.

CLASSES OF NET ASSETS

The financial statements report amounts separately by class of net assets.

Net assets without donor restrictions are those currently available at the direction of management and the board of trustees for use in the Seminary's operations.

Net assets with donor restrictions- restricted by purpose or time result from contributions whose use is limited by donor-imposed stipulations that either expire by passage of time or can be removed by actions of the Seminary pursuant to those stipulations.

Net assets with donor restrictions- held in perpetuity result from contributions whose use is limited by donor-imposed stipulations or by state law that neither expire by passage of time nor can be removed by actions of the Seminary.

Notes to Financial Statements

June 30, 2021 and 2020

2. <u>SIGNIFICANT ACCOUNTING POLICIES</u>, continued:

TUITION AND FEES-NET

Tuition and fees are recorded as revenue without donor restrictions. Tuition and fees received in advance of the following academic year are recorded as student funds received in advance on the statements of financial position and recognized as revenue in the year in which it is earned.

The Seminary recognizes revenue from student tuition and fees within the fiscal year in which educational services are provided. Academic programs are delivered in the Fall and Spring academic terms, as well as one Summer term. The Summer term begins in June and ends in August. Payments of tuition and fees are recognized as performance obligations are met. Revenue is recognized ratably over the summer terms. Needbased institutional aid, in the form of scholarships and grants, includes amounts funded by the endowment and other gifts, and reduces the published price of tuition for students receiving such aid. As such, institutional aid is referred to as financial aid and represents the difference between the stated charge for tuition and fees and the amount that is billed to the student and/or third parties making payments on behalf of the student.

Net tuition and fees are as follows:

		Year Ended June 30,				
	2021			2020		
Gross tuition	\$	2,229,694	\$	2,411,561		
Gross fees		17,142		17,068		
Less: financial aid		(1,242,308)		(1,220,234)		
Net tuition and fees	\$	1,004,528	\$	1,208,395		

AUXILIARY REVENUES-NET

Auxiliary revenue includes activities for student housing. Performance obligations for housing services are delivered over the academic terms. Consequently, associated revenues are earned and recognized over the course of each term as the services are delivered.

Auxiliary services revenue are as follows:

	Year Ended June 30,					
	2021			2020		
Housing revenue Less: scholarships and discounts	\$	629,003 (19,750)	\$	838,966 (31,000)		
Auxiliary revenues-net	\$	609,253	\$	807,966		

Notes to Financial Statements

June 30, 2021 and 2020

2. SIGNIFICANT ACCOUNTING POLICIES, continued:

DENOMINATIONAL MINISTRY SHARES

Revenues from CRCNA (described as denominational ministry shares in the accompanying statements of activities) and other outside donors are recognized when earned and when contributions are made, which may be when cash is received, unconditional promises are made, or ownership of other assets is transferred to the Seminary.

PRIVATE GIFTS AND GRANTS

The Seminary reports gifts of cash and other assets as restricted revenue if they are received with donor stipulations that limit the use of the donated assets. When a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restriction.

Gifts of plant assets are reported as support without donor restrictions unless explicit donor stipulations specify how the donated assets must be used. Gifts of plant assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire plant assets are reported as restricted support. Absent any donor stipulations, these restrictions expire when the asset is acquired or placed in service, and a reclassification is made from net assets with donor restrictions to net assets without donor restrictions at that time.

The Seminary received Coronavirus Aid, Relief, and Economic Security (CARES) Act funding and American Rescue Plan (ARP) funding for the year ended June 30, 2021. The Seminary received Higher Education Emergency Relief Funds (HEERF) under the CARES Acts in form of HEERF I and ARP funds in the form of HEERF III funding. The Seminary distributed \$35,651 directly to eligible students and \$463,651 was used to help the Seminary offset the financial impact from the COVID-19 pandemic during the year ended June 30, 2021. These funds are recorded in the private gifts and grants line items on the statements of activities. There was no HEERF funding received during the year ended June 30, 2020.

FUNCTIONAL CLASSES OF EXPENSES

Program services include expenses directly related to the instruction and support of the educational experience, campus operations, student development, auxiliary and other expenses. Supporting activities include management and general expenses that are required to maintain an adequate working environment, provide proper executive and administrative support, as well as manage the financial and human resources of the Seminary and the structure necessary to encourage and secure support from external sources. Fund-raising costs consist of salaries, fringe benefits, brochures, and other costs incurred by the Seminary. Expenses related to the operation and maintenance of the physical plant, including depreciation of plant assets, are reported in either the program or supporting activities category in the accompanying statements of activities, based on the square footage of facilities. The Seminary incurred no joint costs for the years ended June 30, 2021 and 2020.

ADVERTISING

The Seminary expenses advertising costs as incurred. Total advertising costs were \$189,698 and \$200,445, during the years ended June 30, 2021 and 2020, respectively.

Notes to Financial Statements

June 30, 2021 and 2020

2. <u>SIGNIFICANT ACCOUNTING POLICIES</u>, continued:

RECENTLY ADOPTED ACCOUNTING STANDARDS

In 2018, the Financial Accounting Standards Board (FASB) issued ASU No. 2018-08, Not-for-Profit Entities (topic 958), Clarifying the Scope and the Accounting Guidance for Contributions Made. The Seminary adopted the contributions made provisions of this new standard during the year ended June 30, 2021. Adoption of this standard had no effect on change in net assets or net assets in total for the years ended June 30, 2021 and 2020.

In 2018, the FASB issued ASU No. 2018-13, Fair Value Measurement (topic 820): *Changes to the Disclosure Requirements for Fair Value Measurement*. The Seminary adopted the provisions of this new standard during the year ended June 30, 2021. Adoption of this new standard had no effect on change in net assets in total for the years ending June 30, 2021 and 2020.

3. LIQUIDITY AND AVAILABILITY OF RESOURCES:

The following table reflects the Seminary's financial assets as of June 30, 2021 and 2020, reduced by amounts not available for general expenditure within one year. Financial assets are considered unavailable when illiquid or not convertible to cash within one year.

	June 30,			
		2021		2020
Financial assets: Cash and cash equivalents Receivables, net	\$	6,643,006 1,348,517	\$	3,237,207 1,621,477
Investments		63,546,242		54,429,170
Financial assets, at year end		71,537,765		59,287,854
Less those unavailable for general expenditures within one year, due to: Net assets restricted in perpetuity Net assets restricted by purpose, net of amounts to be appropriated		(28,724,190)		(27,712,728)
within the year		(26,120,416)		(16,606,754)
Board designated funds		(10,468,225)		(9,113,837)
		(65,312,831)		(53,433,319)
Financial assets available to meet cash needs for general expenditures within one year	\$	6,224,934	\$	5,854,535

As part of the Seminary's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. With board approval, the board designated funds could be made available for general expenditures within the next 12 months, if needed.

Notes to Financial Statements

June 30, 2021 and 2020

4. STUDENT LOANS RECEIVABLE:

The Seminary's student loan receivables consist of a revolving loan fund for Federal Perkins Loans for which the Seminary acts as an agent for the federal government in administering the loan program and an institutional loan fund created by the Seminary to assist students in funding their education. As an agent for the federal government, the Perkins loan portfolio is guaranteed by the United States Department of Education. There are, therefore, no impaired loans, no nonperforming loans and no modifications to loan terms executed by the Seminary because amounts that become old or past due are in due course turned back over to the Department of Education. Allowances for estimated loan losses relate to the institutional portion of the loan fund contributed by the Seminary.

The Seminary determined their allowance for estimated losses on these student loans by looking at historical default rates and analyzing the aging of the past due loans.

The aging of the student loan portfolio by classes of loans as of June 30, 2021, is presented as follows:

	F	Federal								
	Agency		In	stitutional						
	Re	ceivables		Loans		Loans		Loans		Total
Not in repayment	\$	4,200	\$	571,632	\$	575,832				
Current		26,455		396,561		423,016				
Greater than 30 days but less than 240 days past due		-		20,549		20,549				
Greater than 240 days but less than 2 years past due		-		109,627		109,627				
Greater than 2 years but less than 5 years past due		11,337		140,072		151,409				
Greater than 5 years past due		100		36,019		36,119				
		42,092		1,274,460		1,316,552				
Less allowance for uncollectability		(15,000)		(126,000)		(141,000)				
	\$	27,092	\$	1,148,460	\$	1,175,552				

The following presents the recorded investment by credit quality indicator:

		ederal agency ceivables	Institutional Loans	Total
Performing Nonperforming	\$	42,092	\$ 1,274,460	\$ 1,316,552

4. STUDENT LOANS RECEIVABLE, continued:

The aging of the student loan portfolio by classes of loans as of June 30, 2020, is presented as follows:

	Federal Agency Receivables		Agency		0 ,		Agency		Agency		Agency		Agency		Agency		Agency		Agency		Institutional Loans				Total	
Not in repayment	\$	39,742	\$	1,262,919	\$ 1,302,66	1																				
Current		7,816		108,427	116,24	3																				
Greater than 30 days but less than 240 days past due		-		3,394	3,39	4																				
Greater than 240 days but less than 2 years past due		-		_		-																				
Greater than 2 years but less than 5 years past due		712		22,407	23,11	9																				
Greater than 5 years past due		1,305		22,592	23,89	7																				
		49,575		1,419,739	1,469,31	4																				
Less allowance for uncollectability		(15,000)		(126,000)	(141,00	0)																				
	\$	34,575	\$	1,293,739	\$ 1,328,31	4																				

The following presents the recorded investment by credit quality indicator:

		ederal Agency ceivables		itional ans	Total	
Performing Nonperforming	\$	49,575 -	\$ 1,4	19,739	\$ 1,469,314	
	\$	49,575	\$ 1,4	19,739	\$ 1,469,314	

For student loans, the credit quality indicator is performance determined by delinquency status and, for Federal Perkins Loans, origination and servicing of the loan. Delinquency status is updated monthly by the Seminary's loan servicer. Federal Perkins Loans that are originated and serviced properly under Department of Education regulations can be assigned to the Department of Education when deemed no longer collectible. The Seminary is not aware of any material amount of loans not properly originated or serviced under Department of Education regulations.

Notes to Financial Statements

June 30, 2021 and 2020

5. INVESTMENTS:

A table describing the Seminary's investments utilizing the valuation techniques based on inputs to measure the fair value of the Seminary's investment instruments is presented in this section.

Fees paid to the Seminary's external advisors related to the management and custody of the Seminary's investments totaled approximately \$200,000 and \$257,000 in 2021 and 2020, respectively, and have been netted against investment income in the accompanying statements of activities. These fees are in addition to the mutual fund expenses that are included in the pricing of the respective funds.

Legal, tax, and regulatory changes could occur during the term of the Seminary's fund investments. The regulatory environment for private equity and hedge funds is evolving, and changes in the regulation of these funds may adversely affect the value of investments held by the Seminary. The Seminary believes that the effect of any future regulatory change on the Seminary's assets would likely not be substantial.

Investments held under annuity agreements had carrying values of \$238,205 and \$195,906, as of June 30, 2021 and 2020, respectively.

The Fair Value Measurements and Disclosure topic of the FASB ASC establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of two broad levels:

Level 1- Inputs consist of quoted prices (unadjusted) in active markets for identical assets and have the highest priority.

Level 2- Inputs consist of observable inputs other than quoted prices for identical assets.

The Seminary uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Seminary measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Alternative investment valuations may not be readily available and have been valued in accordance with the valuation policy described below. Additionally, certain alternative investments may be valued by a single market maker. Those estimated values may differ significantly from the values that would have been used had a ready market for the investments existed, and the differences could be material. The alternative investments in partnerships are subject to various risk factors arising from the investment activities of the underlying vehicles including market, credit, and currency risk.

Notes to Financial Statements

June 30, 2021 and 2020

5. <u>INVESTMENTS</u>, continued:

Equity securities - The fair value of these financial instruments is based on quoted market prices.

Fixed income and other investments - The value is based on yields currently available on comparable securities of issuers with similar credit ratings.

Land and real estate - The value is based on an independent appraisal using comparable market exit prices.

Investments held at fair value using NAV: The value is based upon estimated fair value per the net asset value (NAV) as reported by fund managers, which represents the Seminary's proportionate interest in the capital of the invested funds.

Investment portfolio by valuation hierarchy:

	Fair Value Disclosure				
	Total	Level 1	Level 2

6. PLANT ASSETS:

Plant assets are summarized by major classification as follows:

	June 30,			
	2021			2020
Land	\$	245,000	\$	245,000
Buildings		14,124,506		14,124,506
Furniture and equipment		4,154,268		3,977,399
Construction in progress		1,199,473		292,671
		19,723,247		18,639,576
Less accumulated depreciation and amortization		(9,149,107)		(8,787,827)
Net plant assets	\$	10,574,140	\$	9,851,749

During the year ended June 30, 2020, the Seminary began renovations on the main seminary building. The project is expected to be completed in fiscal year 2022. As of June 30, 2021, all costs with long term benefits are recorded as construction in progress. The Seminary has entered into an agreement with a construction contract with a remaining commitment of approximately \$3,800,000 as of June 30, 2021. Total depreciation expense is \$428,043 and \$435,255 as of June 30, 2021 and 2020, respectively.

7. EMPLOYEE BENEFIT PLANS:

The Seminary participated in a defined contribution 403(b) retirement plan, which covers all regular employees that are .75 FTE and above. The Seminary has the option to contribute the percentage annually approved by the CTS Board of Trustees of participants' salaries on a bi-weekly (non-exempt employees) or semi-monthly (exempt employees) basis to the Teachers Insurance and Annuity Association (TIAA). Total contributions to this plan for the years ended June 30, 2021 and 2020, were \$136,870 and \$302,238, respectively. All contributions are vested immediately. Employees may also make voluntary contributions to this plan up to certain limits allowed by law.

8. POSTRETIREMENT BENEFITS OTHER THAN PENSIONS:

The Seminary currently provides prescription, dental, and health care benefits to qualified retired employees under a 50% employee 50% Seminary contributory plan. Eligible employees retiring prior to age 65 receive 100% hospital preferred benefits with co-pay provisions until age 65 and Medicare supplemental benefits thereafter. With 10 years of service, but fewer than 20, the retiree receives the insurance benefit for the number of years served.

On May 22, 2014, the Board of Trustees approved an amendment to the retiree health care plan. Under the amended plan, rather than paying 50% of an insurance premium, the Seminary will pay retirees a fixed annual stipend which the retiree can use to secure health insurance. The amount and duration of the annual stipend is dependent on the retiree's years of service.

Notes to Financial Statements

June 30, 2021 and 2020

8. POSTRETIREMENT BENEFITS OTHER THAN PENSIONS, continued:

At June 30, 2021 and 2020, there were no assets set aside to fund the benefit obligation; the Seminary funds the cost of these benefits as incurred. The employer contributions and benefits paid were approximately \$90,000 and \$85,000 in 2021 and 2020, respectively. No contributions other than those needed to pay current retiree benefits are expected. The Seminary accrues the estimated cost of such retiree benefits, in accordance with accounting principles generally accepted in the United States of America, during its employees' active service periods. The benefit obligation of the plan is calculated based on a measurement date of June 30th.

The following table sets forth the amounts reported in the statements of financial position:

	June 30,				
		2021		2020	
Accumulated postretirement benefit obligation (APBO):					
Retired participants	\$	(928,103)	\$	(1,012,892)

10. RELATED PARTY TRANSACTIONS:

The Seminary receives services from Calvin College (College), with which it is affiliated through the CRCNA. The Seminary is located on the College campus. Of the expenses common to both institutions, the College allocated approximately \$529,000 and \$894,000 for the fiscal years 2021 and 2020, respectively, to the Seminary. The College processes various transactions for the benefit of the Seminary, which are reimbursed on a monthly basis. At June 30, 2021 and 2020, the Seminary owed the College approximately \$46,000 and \$20,000, respectively. These amounts are included in accounts payable and other liabilities on the statements of financial position.

The Seminary received approximately \$2,207,000 and \$2,143,000 in denominational ministry shares from the CRCNA during fiscal years 2021 and 2020, respectively. During fiscal years 2021 and 2020, the Seminary paid approximately \$31,000 and \$46,000, respectively, to the CRCNA for various services.

11. <u>LETTER OF CREDIT:</u>

The Seminary issued a letter of credit to the state of Michigan for payment of unemployment benefits. The letter of credit expires on December 31, 2021. At June 30, 2021 and 2020, the letter was in the amount of \$155,530, with no balance outstanding.

12. COMMITMENTS:

As of June 30, 2021, the Seminary has also committed to invest a total of \$355,317 in limited partnerships through Siguler Guff Distressed Real Estate Opportunities Fund II, LP, Clareant EDL II GP, and Landmark Equity Partners XV, LP.

13. RISKS AND UNCERTAINTIES:

In March of 2020, the World Health Organization declared the outbreak of the coronavirus (COVID-19) as a pandemic which continues to spread throughout the United States. COVID-19 has caused a severe negative impact on the world economy and has contributed to significant declines and volatility in financial markets. The duration and impact of the COVID-19 pandemic, as well as the effectiveness of government and central bank responses, remains unclear at this time. It is not possible to reliably estimate the duration and severity of these consequences, as well as their impact on the financial position and results of the Seminary for future periods. Management is carefully monitoring the situation and evaluating its options as circumstances evolve.

Notes to Financial Statements

June 30, 2021 and 2020

15. ENDOWMENT FUNDS:

The state of Michigan enacted UPMIFA (the Uniform Prudent Management of Institutional Funds Act) effective September 15, 2009, for all nonprofit Michigan organizations. The intent of UPMIFA is to substantiate, by disclosure, that endowment investment policies and endowment spending policies will assure the preservation of the gift principal as the donor or state law stipulates.

The following are the required disclosures for net assets associated with endowment funds, including funds designated by the Board of Trustees of the Seminary to function as endowments, which are classified and reported based on the existence or absence of donor-imposed restrictions.

Absent explicit donor stipulations to the contrary, the Seminary interpreted the Michigan UPMIFA statute as requiring the preservation of the fair value of gifts as of the gift date. As a result of this interpretation, the Seminary classifies as net assets with donor restrictions- restricted in perpetuity (a) the original value of gifts donated to the endowment and (b) the original value of subsequent gifts to the endowment. Investment income, absent donor restriction, is classified as net assets with donor restrictions until appropriated for expenditure by the Seminary in a manner consistent with the standard of prudence described by Michigan UPMIFA.

The remaining portion of the donor-restricted endowment fund that is not classified in net assets with donor restrictions- restricted in perpetuity is classified as net assets with donor restrictions- restricted by purpose or time until those amounts are appropriated for expenditure in a manner consistent with the standard of prudence prescribed by UPMIFA. Using this standard to determine how and when to appropriate or accumulate donor-restricted endowments, the Seminary considers the duration and preservation of the fund, the purpose for use, the general economic conditions, the effect of inflation and deflation, anticipated investment return, the investment policy of the Seminary and management's prudence.

The Reporting Endowment Funds topic of the FASB ASC further requires a discussion of the polices in place for funds with deficiencies, return objectives and parameters, strategies employed for achieving long-term objectives, and spending policies and how the investment objectives relate to spending policy as a part of the disclosure. Discussion of these policies is found subsequently in this Note.

Notes to Financial Statements

June 30, 2021 and 2020

15. ENDOWMENT FUNDS, continued:

The following are in compliance with the Reporting Endowment Funds topic:

Funds with deficiencies: From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or state law requires in a fund of perpetual duration. Reasons this may result are from unfavorable market fluctuations, especially for funds that have been invested for a short duration, or funds where the contribution was small. Another reason funds may result in a deficiency occurs when the Board of Trustees or the donor prudently directs continued appropriations for the critical restricted purpose (such as vital programs or scholarships). Deficiencies of this nature are reported in net assets with donor restrictions (the portion of the endowment that may be spent to achieve the restricted purpose). There were no funds with deficiencies as of June 30, 2021 and 2020.

Return objectives and risk parameters: The Board of Trustees has delegated to the Investment Committee, the responsibility for formulating and adopting an Investment Policy Statement. The goal of the policy is to provide a predictable stream of funding for programs supported by its endowment. The endowment assets are invested in a manner that is intended to produce an annualized rate of return equal to or greater than the rate of inflation plus any payout requirement of the Seminary's spending policy while assuming a prudent level of investment risk.

Strategies employed for achieving objectives: To satisfy its long-term rate-of-return objectives, the Investment Committee relies on the services of an investment consultant, NEPC, LLC, to manage endowment investments in accordance with the Seminary's Investment Policy Statement. NEPC has constructed a portfolio of investments which is expected to achieve the long-term return objectives within prudent risk constraints.

Spending policies and how the investment objectives relate to spending policy: The Seminary has a policy of appropriating a set percentage of its endowment fund's rolling three-year average net asset value measured at June 30 for the calendar year end preceding the fiscal year in which the distribution is planned (4.25% and 4.5% as of June 30, 2021 and 2020, respectively). In establishing this policy, the Seminary considered the long-term expected return on its endowment. In addition, the Seminary assess an administrative fee of 14 basis points (0.14%) to offset the expenses of managing the endowment investments as of June 30, 2021 and 2020.

A subsequent event is disclosed in Note 2, in Refundable Advance.

SUPPLEMENTARY INFORMATION

INDEPENDENT AUDITORS' REPORT ON SUPPLEMENTARY INFORMATION

Board of Trustees Calvin Theological Seminary Grand Rapids, Michigan

We have audited the financial statements of Calvin Theological Seminary as of and for the years ended June 30, 2021 and 2020, and have issued our report thereon dated January 26, 2022, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The financial responsibility supplemental schedule and notes to the financial responsibility supplemental schedule on pages 31-33 is also presented for the purpose of additional analysis as required by the U.S. Department of Education and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing the reconciling information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Responsibility Supplemental Schedule

Year Ended June 30, 2021

The Department of Education issued regulations, effective July 1, 2020, regarding additional disclosures deemed necessary to calculate certain ratios for determining sufficient financial responsibility under Title IV. These note disclosures are not required by accounting principles generally accepted in the United States of America but are intended for use by the Department of Education and to ensure compliance with Federal Title IV regulations.
